Newsletter Spring 2

Dear Families,

What a busy and exciting half term we are having at school!

Well-being workshops

The children from Reception to Year 4 have taken part in some workshops today, delivered by Big Foot Productions, with a focus on well-being. Reception children have done a workshop entitled 'I've got magic in me' and pupils in years 1 to 4 have taken part in 'Worries to well-being'. These workshops will enhance the work we do in school to support pupil's emotional well-being and mental health, and fit in well with our PSHE curriculum.

Well done

Congratulations to Miss Taylor and Mrs Healy for completing their National Professional Qualifications. Miss Taylor has been awarded NPQ in Senior leadership and Mrs Healy has achieved NPQ in Leading teaching. We are very proud of them, and wish to congratulate them on their hard work and commitment-they are super stars!

Parent teacher consultations

Parents evenings will take place after half term, during the weeks beginning 4th and 11th March. Your child's class teacher will be in touch via See-Saw with the dates and times available to share and celebrate your child's progress. This year the consultations will take place in your child's classroom, rather than the main hall, or virtually if that is more convenient.

Half term holiday provision

Wrapstars is open on the Wednesday, Thursday and Friday of half term from 8am until 5.45pm. Please go onto School comms to book if you would like to send you child along for a day of fun activities. Prices are £20 for half a day (£16 sibling discount) and £30 for a full day (£24 sibling discount), but if you go online to book, there are a variety of time and pricing options to choose from, which will hopefully fit in with what you need.

Thank you for your continued support.

Kind regards,
Nadine Fielding
Head teacher
